Year 2: Wednesday 22 February

\$50 per student

10am – 2pm

The Gallery's [Enrichment Program](#) is offering art workshops for Stage 1 Students this Term 1! The day will begin with a guided tour of [Thinking Through Pink](#). The exhibition aims at an experience of pure visual pleasure, inviting students to bask in the visual and conceptual delights of the colour pink. Following the guided tour, students will complete two art activities inspired from artworks seen within their guided tour.

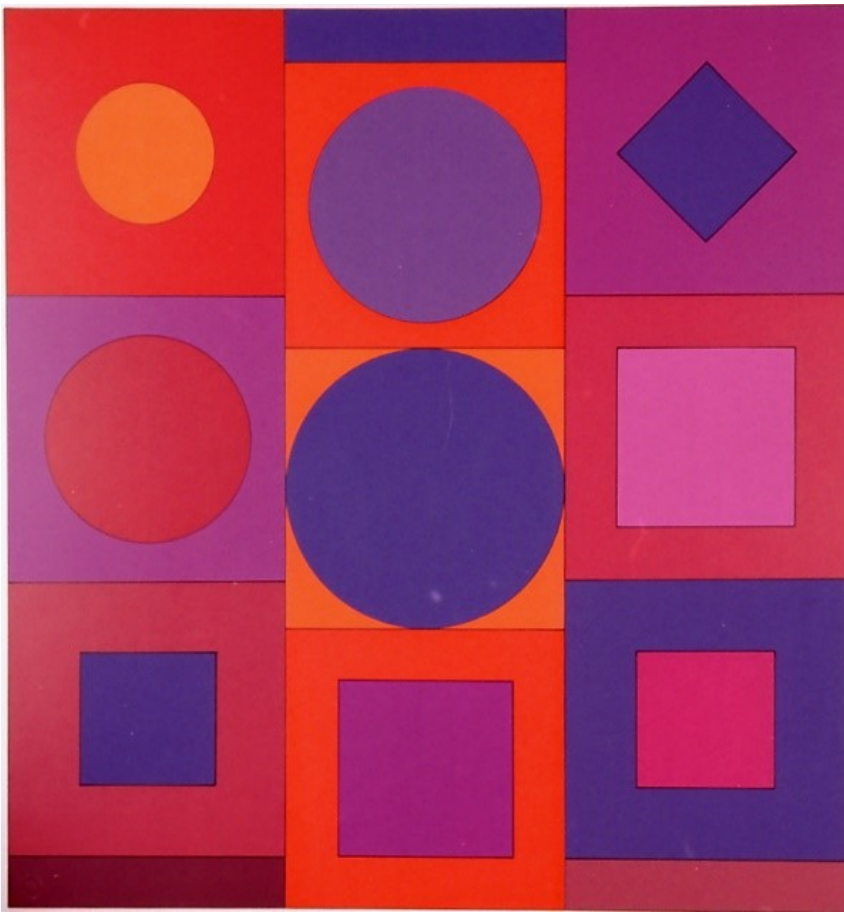

The first activity will be a pink themed drip painting on canvas board inspired by Matthys Gerber's painting *Dura Mater*.

The second activity will ask students to create various media experiments using the colour pink. These will include ink and salt texture experiments, pastel collagraph rubbings and stamping using paint. Experiments will be cut out to create a composition inspired by Victor Vasarely's screen print, *Untitled: from the series Lapidaire*.
